

# Meet the Presenter

**Professor Nawal Prinja**, Technology Director of Jacobs (Clean Energy), has 40 years of academic and industrial experience in the nuclear sector. He holds a position of Honorary Professor at four British universities: School of Engineering, Aberdeen University; College of Engineering, Brunel University London; School of Engineering, Bolton University; and School of Computer Science and Electronic Engineering, the International Centre of Nuclear Engineering, Bangor University. Currently, he is working with WNA on Harmonization of Nuclear Codes. He has been on IAEA missions to China, South Africa, UAE, Spain and Poland. Dr. Prinja was appointed as an advisor to the UK Government to help formulate their long-term R&D strategy for nuclear industry and continues to advise as a member of the Fusion Advisory Board of UKRI and Nuclear Propulsion Science and Technology Advisory Group of Ministry of Defense. He participates in several international committees notably the ASME code committee for developing new Plant Systems Design code and represents the UK at the Senior Industry Advisory Panel of the Generation IV International Forum.
